Sematic 2000 B – Evolution Kit

NOTHING IS BETTER THAN GIVING NEW LIFE TO YOUR LIFT!
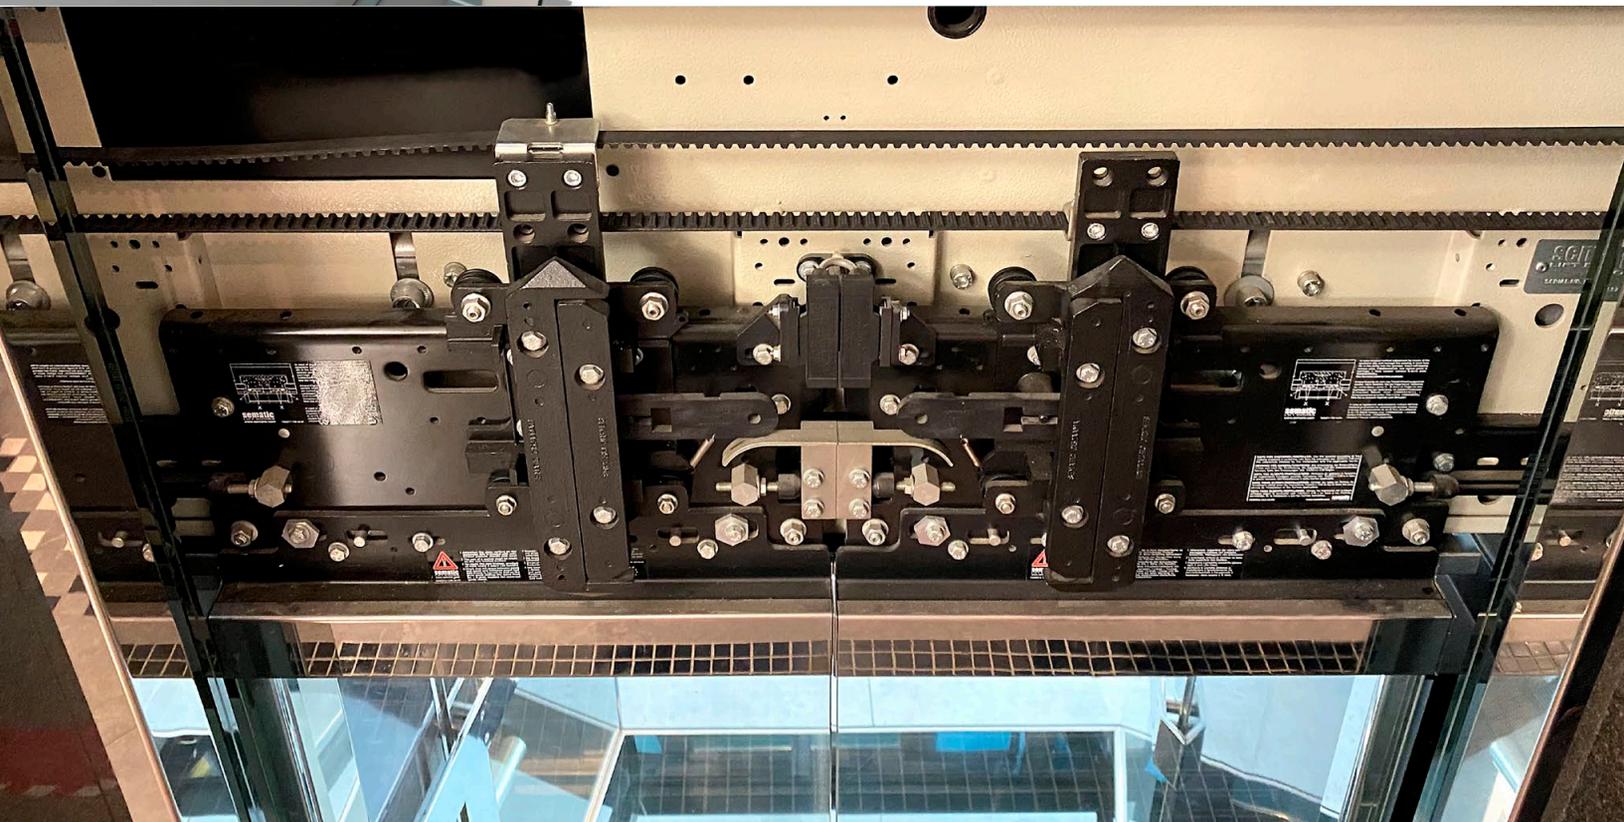

Nothing is better than giving new life to your lift!

Sematic 2000 B – Evolution Kit

Sematic 2000 B Evolution Kit is the perfect upgrade kit to bring new life to your lift!

The Evolution Kit has been designed to combine the robustness and durability of **Sematic 2000 B doors** with the most advanced **Wittur SUPRA** technology.

With this new kit you can upgrade **Sematic 2000 B doors from late 1980's till 2009** to the latest **Wittur SUPRA** motor and drive.

ADVANTAGES:

Thanks to its (Wittur) brushless technology, the **Evolution Kit** assures superior performance and a consistent noise reduction.

It also includes the latest energy saving features and guarantees long time spares availability.

The **Evolution Kit** is the unique kit designed to perfectly fit your **Sematic 2000 B**.

PERFORMANCE
Wittur SUPRA assures superior performance and a consistent noise reduction thanks to the brushless technology (vs old brushed motor).

ENERGY SAVING
Better performances (efficiency, reliability, power consumption).

EXPERT TEAMS
Engineered by specialized **Wittur R&D** to combine the robustness and durability of **Sematic 2000 B** with the most advanced **Wittur SUPRA** technology.

PERFECT FIT
The **Evolution Kit** is the unique upgrade kit designed to perfectly fit **Sematic 2000 B doors**.

EASY INSTALLATION
Simple step-by-step installation process: detailed instruction video to easily guide throughout the process.

DURABILITY
Long time spares availability and access to future product updates.
